FEATURE HIGHLIGHTS

- Advanced Mechanical Design
- Computer assisted Verification
- Consistent measurement capability with full control of
  - orientation
  - trajectory
  - speed of the test object
- Robust and easy to assemble/disassemble
- Repeatability of Test & Results

CEIA FIELD TESTER
PORTABLE TOOL FOR VERIFICATION OF EMD DETECTION PERFORMANCE

ASSEMBLED IN LESS THAN FIVE MINUTES!

TEST COMPLETELY ASSISTED BY THE SOFTWARE APPLICATION

FTS STANDARD EDITOR
FOR SECURITY STANDARD CUSTOMIZATION

Editing of Test Pieces, Test Positions and Orientations for a specific Security Standard
